## Clarence Tang, DDS, MD joins the team at Valley View Dental

ROMEOVILLE, IL (February 13, 2017) –Valley View Dental is proud to welcome Clarence Tang, DDS, MD, to their experienced team. Dr. Tang brings over 10 years of experience to Valley View Dental. “The decision to bring on Dr. Tang was driven by our patients’ request to have more procedures done at the practice. In the past, we sent out most of our extractions and sedation patients to surgeons not affiliated with our practice. Our patients just felt more comfortable staying at our practice. Now we can offer all this in house”. said Pradeep Khurana, DDS. -Valley View Dental, Co-owner.

Dr. Tang is both an MD and a dentist who received both his medical degree (MD) and her dental degree (DDS) at University of North Carolina School of Dentistry, the University of Alberta General Practice Residency, and the University of Michigan Medical School. “He’s the total package and having him on our team will really broaden the dental procedures we can offer to our patients.” said Pradeep Khurana, DDS. -Valley View Dental, Co-owner.

Dr. Tang is able to stay current with the latest technology and dental treatments by regularly participating in continuing education. His certifications include BLS, ACLS, PALS, and ATLS, as well as certification in IV conscious sedation and general anesthesia.

Dr. Tang is also a member of several prestigious organizations including the American Dental Association, the American Association of Oral and Maxillofacial Surgeons, the Chalmers J. Lyons Academy, and the US Navy Dental Corps.

A decision was made to invest in the most modern surgical equipment on the market, including digital panoramic x-ray system, life support equipment, sedation dentistry equipment, upgraded hand pieces, and digital x-rays. The practice slowly purchased the advanced equipment, to ensure we had the best equipment on the market, so we can provide the best and safest dental care around. These new pieces of equipment and technology allow the doctors and their assistants to perform advanced dentistry, including surgery with the most modern dental equipment and therefore give the patient the greatest prognosis of a good clinical outcome.

With a happy smile, Clarence Tang, DDS, MD, looks forward to working and getting to know the community. To get more information patients are encouraged to visit our website or call the main office in Romeoville at 815-372-0100.

Valley View Dental specializes in maintaining and creating healthy and beautiful smiles. Offering a full array of services including general, cosmetic, emergency dentistry, orthodontics, teeth whitening, dental implants, dentures, crowns, preventative care, periodontal treatment and Invisalign.
